## Sunday **Motor India inaugurates**

## Date 28<sup>th</sup> January 2024

Power of Voice / POVNews **Page 1** 

#### **Orchids The International School Takes Learning to New Heights** with 'Imagine Hub' in Pune for Hands-on Education Experience

new dealership in Pune

Pune (Voice news service):- MG Motor India inaugurated a 3S outlet (sales, service and spares) for car buyers in Pune.

The dealership is a 4-floor setup situated in east Hadapsar with 3741 sq. ft showroom space and workshop spread across 42,000 sq. ft. offering unmatched accessibility and services, including new car sales, MG reassure, EV charging stations, and a service centre. The facility is equipped with premium interiors clubbed with a digital environment that resonates with the preferences of the modern, urban buyer who is tech-savvy and an auto enthusiast.

Commenting on the inauguration, Gaurav Gupta, Deputy Managing Director, MG Motor India, said, "The last few years have given us good

**Phoenix Marketcity, Pune unveils Majestic 25-Foot Lord Hanuman** 

headway, and we are working towards expanding a robust sales and service network across the country. Maharashtra offers market potential for SUVs and EVs, and customers can experience all the products in our portfolio at our

showrooms. Commenting on the inauguration, Shailesh Bhandari, Dealer Principal, MG Pune, said, "We are delighted to continue our partnership with MG by establishing a 3rd facility in Pune.

With MG's technologically advanced products, customer-centric approach, and understanding of customer needs, we endeavour to provide a superior ownership experience to our customers This will help us cater to the evolved mobility requirements of our customers across the region."

Pune (Voice news service):- Marking a significant milestone in progressive education, Orchids The International School, one of the leading International K12 chain of schools, launched an innovative 'Imagine Hub' comprising of Astronomy, Robotics, MAC

Coding, Tinkering, Dance, Theater, Music, Weaving & Printing, Pottery & Painting. These state-of-the-art labs

Goswami, VP Academics, Rose Mary D'Souza, Principal. Orchids The International School, Manjri, Pune Campus, and Hitesh Shah, Head-Education at Apple India These labs will be available in Orchids Manjri, Sus Road, Ambegaon,

Through the dual emphasis on experiential learning and STEM integration, the NEP and the National Curriculum Framework 2023 collectively pave the way for a more dynamic and impactful educational experience, fostering a generation of learners equipped for the challenges of the modern world. Acknowledging the pivotal role of Science, Technology, Enwere launched by Sumitra gineering, and Mathematics (STEM) education in shap-

ing the future workforce the NEP advocates for creating innovation labs and tinkering spaces to foster a culture of innovation. Commenting on the Lab Launch, Sumitra Goswami,

VP Academics, Orchids The International School, said, Tathawade, and Hinjewadi "Aligned with the NEP's vicampuses respectively. The Imagine Hub labs have been sion, the National Curriculum constructed by HomeLane, Framework 2023 reinforces a tech-based interior design the significance of lab-based company providing end-tolearning in equipping students end interior services through with practical expertise, partechnological interventions. ticularly in STEM fields and

other disciplines that demand hands-on skills. This framework underscores that beyond imparting theoretical knowledge, lab-based activities play a pivotal role in preparing students for future

careers The initiation of our Imagine Hub underscores our dedication to delivering a holistic and inventive learning environment for our students. We are confident that these laboratories will not only cultivate intellectual growth but also encourage creativity, critical thinking, and an enduring passion for learning in students.

Speaking at the inauguration Rose Mary D'Souza, Principal, Orchids The International School, Manjri-Pune Campus said, "The curriculum at Orchids The International School seamlessly blends a variety of learning experiences, including STEM, sports, technology, and performing arts. Tailored programs and

activities are crafted to offer students hands-on opportunities in these domains, fostering the development of a comprehensive skill set. These labs will equip students with the tools they truly need to navigate in today's ever-evolving landscape.

These Imagine Hub labs will serve as training grounds for adaptability, where students can learn to code, tinker, and innovate, developing the skills to not just survive, but flourish in a dynamic world that rewrites its rules every day."

Lab-based education prioritizes practical experiences and experimentation, serving as a potent method to shift learners from passive to active engagement. This initiative aligns with Orchids' commitment to offering a holistic and forward-thinking educational experience.

The Imagine Hub will serve as a catalyst for students to unleash their creativity and explore diverse fields. is one of the most anticipated

Silvostyle by PNG Jewellers signs Rasha Thadani as the **New Face of the Brand** 

Pune (Voice news service):- Silvostyle by PNG has announced it has signed Rasha Thadani, as the new face for its upcoming campaigns. The grand reveal with the latest campaign for the brand marks a significant moment in the brand's journey, elevating its image to new heights of success. Incidentally, the brand is the very first

in India to sign Rasha. Rasha Thadani, who will soon be making her acting debut in Bollywood, brings a unique blend of talent, grace, and charisma to Silvostyle by PNG. She embodies the very essence of Silvostyle, inheriting not just charm and poise but also a deep appreciation for its unique jewellery. Rasha, who already enjoys a strong fan base on social media, especially amongst GenZ

Pune (Voice news service):- Phoenix Marketcity Pune is proud to announce a momentous celebration in honour of the historic inauguration of the Ram Mandir in Ayodhya. As a gesture of immense reverence and festivity, Phoenix Marketcity, Pune has unveiled an awe-inspiring 25-foot Lord Hanuman sculpture in the mall atrium on January 22, 2024

This grand installation is a manifestation of the joyous occasion surrounding the Ram Mandir inauguration and serves as a symbolic tribute to Lord Rama, commemorating his birthplace in Ayodhya. The 25-foot Lord Hanuman figurine, made and adorned with an astonishing 26,000 handmade brass bells, will be a spectacular sight in Atrium 5, encapsulating the essence of divine vibrations. The installation seeks to bring together the community in a spirit of cultural harmony, echoing the sentiments of millions of Hindus globally who are celebrating this historic event. The craftsmanship and attention to detail in this colossal Lord Hanuman figurine are not only a testament to artistic excellence but also a heartfelt expression of respect for India's rich history and religious heritage.

The sculptural Installation of Lord Hanuman has been

## World Table Tennis Star Contender Goa 2024

Pune (Voice news service):- Indian paddler Sreeja Akula registered a commanding victory to move into the women's singles quarter-finals of the ongoing World Table Tennis (WTT) Star Contender Goa 2024, while Manika Batra and Archana Kamath suffered defeats in their respective last-8 matches at the Peddem Indoor Stadium in Mapusa, Goa on Saturday.

The Hyderabad-based paddler Akula began the contest on a positive note against a higher ranked opponent from Hong Kong Doo Hoi Kem (WR 36) and won the thrilling first game before losing the second. However, the World No. 66 looked in com-

plete control of the next two games and clinched the match by 3-1 (12-10, 8-11, 11-8, 11-8) to reach the quarter-finals.

"I am really happy to win this match. In 2021, I had lost to the same opponent, so it feels really great to win a match against her in this tournament. I was able to execute my plans perfectly and kept myself motivated even after losing the second game to win the contest. She was really aggressive and I focused on putting the ball on the table and choosing the right ball to attack which worked in my favour. I will be well prepared for the upcoming match as well," commented Akula after the victory.

### **Pre-Budget expectation quote -**Mr. Rohit Mali, Director, Firefly Fire Pumps ing support for the Produc-

Pune (Voice news service):- Mr. Rohit Mali. Director, Firefly Fire Pumps commented, "The MSME sector received crucial support from the previous year's budget. In 2023, the government demonstrated proactive efforts through initiatives such as the extension of the Emergency Credit Line Guarantee Scheme (ECLGS) and the Production Linked Incentive (PLI) schemes, providing essential liquidity and boosting manufacturing.

The introduction of the Udyam portal further streamlined the MSME registration process, reducing red tape and facilitating the formalization of new businesses.

Despite these positive steps, the industry grapples with obstacles like

rising input costs, supply chain disruptions, and the persistent shadow of global economic uncertainty. These challenges persist, creating anticipation for more robust measures in the upcoming 2024 budget.

The 2024 budget will be a crucial opportunity to solidify 2023's gains and propel the MSME sector towards a brighter future. We are confident that the government will address existing gaps and collaborate closely with the sector to build an 'Atmanirbhar Bharat'.

Increasing the allocation of funds for schemes like Raising and Accelerating MSME Performance

towards cleaner materials and sustainable manufacturing practices. Through tax breaks and R&D grants, MSMEs possess the capacity to make substantial contributions to India's GDP, facilitate

(RAMP), other schemes would provide major financial and technical support to MSMEs. Also, continu-

job creation, lead in environmental leadership, and drive innovation. The forthcoming budget carries great importance for

> and thereby spurring demand from customers for EVs. This scheme has been the most successful demand generation incentive and the success of it can be seen in growing interest in and adoption of electric 2W and electric 3W from customers across the country. With help of Fame II, a large number of electric buses have been ordered and deployed in our cities,

Pre Budget expectation quote - Sulajja Firodia Motwani, Founder and CEO of Kinetic Green

Pune (Voice news service):- Sulajja Firodia Motwani, Founder and CEO of Kinetic Green, commented "As we anticipate the forthcoming Union Budget, we are eagerly looking forward to policy initiatives that will drive the green mobility agenda and foster sustainable practices.

The country experienced a remarkable surge in Electric Vehicles (EVs) last year, and this can be attributed to the govern-

ment's proactive policy initiatives and support to energy transition and to EV acceleration, in particular

As we welcome the Union Budget 2024-2025, we are optimistic that the Gol will announce continued support to support demand for EVs with the announcement of FAME III scheme. FAME scheme of Gol has been instrumental in

reducing the price differential thereby reducing the menace of between EV and ICE vehicles, pollution

of India will be driven by the students present here. We can cultivate the next generation of multinational corporations and facilitate world-class research right here in India all thanks to the incredible talent at our disposal.

In a significant announcement, it was declared that Pune will serve as the permanent venue for all future editions of the India Science Festival, reinforcing the city's growing status as a hub for scientific discourse and innovation.

One of the highlights of ISF 2024 was "The Best of Unbounded Science - India (BoUnSc India)" with Rannvijay Singh Singha. This segment showcased a fusion of creative talks, photography, and science fiction storvtelling, celebrating science in a unique and engaging manner. The finale of the ISF flagship competition Talk Your Thesis, held as part of BoUnSc India. saw talented research scholars Spatika Jayaram (PhD student at the University of Cambridge), Parijat Baneriee (BS-MS student at IISER Pune), Ria Vaishampayan (Project fellow, IIT Bombay), and Deepanshi Karwall (MSc student, University of Manchester) compete live - portraying their research in innovative and fun ways. The event concluded with Parijat Banerjee bagging the position of the Talk Your Thesis cham-

pion The festival featured more than 30 exhibits and workshops, providing hands-on experiences in diverse fields such as prosthetics, AI, automated robots, mental health, food chemistry, and DIY technology. These interactive sessions catered to a wide range of participants, from school students to professionals, emphasizing the practical application of scientific knowledge. In addition, six JC Bose Science Policy Dialogues were conducted featuring 30+ luminaries including Dr. Annapurni Subramaniam, Dr. Abhay Karandikar, Prof. V Ramgopal Rao Dr Arabinda Mitra Dr Thomas Barlow, and Dr. Priya Nagaraj.

ISF 2024 successfully underscored the importance of science in daily life and its role in shaping the future. The event not only facilitated the exchange of groundbreaking ideas but also inspired participants, fostering a deeper appreciation for the wonders of science and technology.

Varun Agarwal, Co-Founder FAST & Founder ISF, said, "The India Science Festival achieved tremendous success, drawing over 23,000 attendees. Scientists were enthusiastically approached by attendees, treating them like celebrities, eager to ask guestions and take selfies. We are confident that we have motivated numerous young individuals to consider a career in science. We also had targeted discussions on science policy, involving participation from industry representatives, scientists, policy experts, and government officials. The aim was to collaboratively develop mechanisms that would propel India to become one of the top three nations in science

and technology."

Pune (Voice news service):- Kinetic Green, a leading manufacturer of electric vehicles in India, is set to launch the highly anticipated and iconic Luna, in a brand-new electric avatar as the E-Luna, a multi-utility e2W. in early February 2024. The company has officially announced that bookings will be opened for the most awaited EV to commence on January 26, 2024.

Bringing the nostalgic spark of thrill to the road, Kinetic Green joyfully extends the golden opportunity for enthusiasts to lock in their E-Luna bookings. The smart, robust. and heavy-duty E-Luna can be pre-booked on the Kinetic Green website for just Rs. 500.

This nominal amount ensures a vast audience can actively engage in the electric revolution, ensuring that sustainable transportation options are within reach for diverse consumers

Sulajja Firodia Motwani, Founder and CEO of Kinetic Green, expressed her excitement over reintroducing the legendary Luna in a brand-new electric avatar, "We are delighted to announce that the iconic Luna is making a comeback in a brand-new electric avatar. Today, Kinetic Green embarks on a journey down memory lane.

The E-Luna is set to be launched in early February 2024, with bookings opening on Republic Day, January 26. 2024.

We chose this day to present E-Luna to the citizens of India, as E-Luna is not only

fully 'Made in India' but also "Made for India"! E-Luna is designed as a sturdy and durable EV, with the road conditions and driving requirements of consumers not only in metro and Tier 1 towns but for the tier-2. tier-3 cities and rural markets of India. It is designed to provide an efficient alternative to traditional petrol two-wheelers while addressing the evolving preferences of modern consumers. With impressive technical specifi-

cations, performance capabilities, a robust set of features, and a commitment to environmental responsibility, the E-Luna will distinguish itself as a versatile and practical choice for consumers in the new Bharat. We are

excited to tell the consumers that it is once again time to say, Chal Meri Luna, iss baar Petrol ke Bina!' The E-Luna stands out in

the electric vehicle market as a unique seament with unparalleled versatility. It represents innovation as it is designed to cater to various functions, including personal commuting and small businesses. Its advanced electric technology and innovative features contribute to an eco-friendly and efficient riding experience.

With the launch of the E-Luna, Kinetic Green reaffirms its dedication to promoting sustainable mobility solutions. The vehicle addresses the arowing demand for cleaner transportation alternatives, emphasising the company's role in driving positive environmental change.

> For truly exemplifying Smart Experiences for today's modern consumers, Education Hub is the newest addition to a host of premium services on Samsung Smart TVs such as cloud gaming, yoga & fitness amongst others. Education Hub app will allow access to both live classes and on-demand education content to students from the 6th grade through the 12th grade in CBSE Board, as well as those preparing for competitive examination such as IIT and NEET.

service):- Aligned with the vision of the Hon'ble Prime Minister, Shri. Narendra Modi to make Bharat a nation of job creators, Shri Dharmendra Pradhan, Hon'ble Minister of Education, Skill Development and Entrepreneurship, Government of India interacted with over 100 entrepreneurs who have been trained under various skill development institutions like National Institute of Entrepreneurship and Small Business Development (NIESBUD), Indian Institute of Entrepreneurship (IIE) and Skill India's flagship scheme- Pradhan Mantri Kaushal Vikas Yojana (PMKVY). "This is the first time ever that entrepreneurs from the skill ecosystem are accorded the honor of being guests at the Republic Day celebrations, a testament to the visionary leadership of Hon'ble PM", said Shri Dharmendra Pradhan.

Shri. Nirmaljit Singh Kalsi, President, National Council for Vocational Education Training (NCVET), and Shri, Atul Kumar Tiwari, Secretary, Ministry of Skill Development and Entrepreneurship (MSDE) and Smt. Trishaljit Sethi, Director General, Directorate General of Training (DGT) also graced the occasion with their presence. During the event, the entrepreneurs shared insights into how skill training under the Skill India Mission has been instrumental in enhancing their capacities, problem-solving abilities,

establishing unique

extended gratitude towards Hon'ble Prime Minister and the Ministry of Skill Development & Entrepreneurship for providing them with on-the-job training and invaluable industry exposure, empowering them to transform their lives and convert their aspirations into tangible realities.

Shri Dharmendra Pradhan, Hon'ble Minister of Education, Skill Development and Entrepreneurship, Government of India said "Today, I had the privilege of engaging in insightful conversations with the beneficiaries from our skill ecosystem. Witnessing their journey from entrepreneurship to self-reliance is truly inspiring. These small and micro entrepreneurs are set to contribute a new dimension to the country's development journey. Under Modi ji's government, a government dedicated to the poor and deprived, the #ModiGuarantee spans from essentials like food and housing to comprehensive skill development and socio-economic security. Empowering the deprived and weaker sections of society is the cornerstone of this administration, with the common citizen being Modi ji's unwavering priority."

A few entrepreneurs were also invited on stage to share their experiences, talk about the challenges and elaborate on how with proper skill training under the Skill India Mission, they were able to convert their trials into opportunities. Champions like Shital Ta-

entrepreneur from Upper Gom, South Sikkim, is reshaping the country's growth trajectory through her venture- Sikkim Handloom and Handicrafts. With 20 employees under her leadership, Tamang's commitment echoes in changing lives—a true testament to her entrepreneurial spir-

Likewise, the bold steps taken by entrepreneurs such as Indrajit Sadhukhan were applauded, who established a flourishing business by doing a course in Refrigeration and Air Conditioning in 2020, serving as an inspiration to aspiring entrepreneurs. Amidst the challenges of the COVID-19 pandemic, Mr. Sanjeet showcased exceptional resilience and determination, founding Shree Electrical in 2021, attaining success through skill development. An inspiring story is also of Jyotirmayee Sahu, a female entrepreneur hailing from Odisha. A graduate with a proactive approach towards self-empowerment, pursued a transformative course in Mushroom Grower Entrepreneurship and embarked on a remarkable journey into mushroom cultivation. Jyotirmayee's startup flourished within a span of six months and achieved remarkable success. Driven by the vision to

neurs, students and other beneficiaries with relevant knowledge and skills that align with the rapidly evolving needs of the industries. To achieve this, schemes like PM Vishwakarma and a comprehensive digital platform - Skill India Digital (SID) have been launched to bridge the academia and industry gap and develop a range of entrepreneurial skills such as leadership, creative thinking, teamwork and business growth to transition India from 3rd largest to number one start-up ecosystem over the next few years. The minister also appreciated and encouraged the entrepreneurs for undertaking vocational training. heralding a new dawn in skill development and entrepreneurship ecosystem in India. Entrepreneurs hailing from diverse corners of the nation including states like Odisha, Kerala, Sikkim, Manipur, Delhi, West Bengal, Telangana, and beyond converged the event and are attending the Republic Day Parade today. They all represent several industries like beauty & wellness, handmade, beauty therapist, tailor, sewing machine operator, and computer operator.

In recognizing that skilling
